ILLINOIS PREMISE ALERT PROGRAM

Effective August 28, 2009, the **Illinois Premise Alert Program Act** (96-0788) became law. This Act is to ensure that consistently high levels of public safety services are available to all members of the State, including people who may require special consideration in order to access services. This program shall seek to afford people with disabilities and/or special needs the same level of public safety services while alerting public safety responders to individuals with special needs.

The Mundelein Public Safety Answering Point (PSAP) is a participant in this Act. If you live or work within the Village of Mundelein and complete a permission slip about your special needs, your information will be placed on file with the Mundelein PSAP. Your name, Mundelein home or work address, telephone number, and information about your disability or special needs will enable emergency personnel to recognize that your call may require special handling.

This information will be entered into our Computer-Aided Dispatch (CAD) database. When a telecommunicator types in an address and an Illinois Premise Alert has been attached to that address, the telecommunicator will observe the additional information disclosed on your permission slip.

Your information will remain confidential and used only by our Police and Fire Department personnel who serve the Village of Mundelein. The provision of special needs information will not result in preferential treatment.

If you have a family member or relative that you would like to enroll in the Illinois Premise Alert Program, please contact the Mundelein Police Department Communications Division at 847-968-4600 or visit our offices at 221 North Lake Street. The form can also be found on our website at <http://www.mundelein.org/police>. Please note that your information must be submitted annually.

Sincerely,

A handwritten signature in black ink, appearing to read "Ray J. Rose".
