221 NORTH LAKE STREET • MUNDELEIN, ILLINOIS 60060 • PHONE (847) 968-4600

## **Community Alert**

The safety of our community is the Mundelein Police Departments first priority. In the past our department has taken several reports of sealcoating scams. The targets of the scams have been elderly residents. In light of these calls here are a few crime prevention tips to help you protect yourselves and safeguard your property:

- Never contract any job on impulse...no matter what the good reason or "today only" bargain seems to be.
- Never let anyone into your home.
- The #1 trap to avoid is the old "left over materials" line. Someone stops by and says they have some materials left from another job and offer you a great deal right now.
- Beware of "fancy" trucks with small rollers or equipment carried on light "utility" type trailers and "drag box" asphalt spreaders that pull behind the truck. (Sealer tanks should always be cylindrical shaped never square and should have continuous agitation.)
- Beware the non-local. Does it really make sense for a contractor with out of state license plates or from many miles away to be at your door?
- Does the deal sound to good to be true? It probably is.

We all want our community to be a safe place to live. By following these simple reminders you will be helping the Mundelein Police Department fight crime in your neighborhood. If you observe any suspicious persons or suspicious activity in your neighborhood dial 911. If you have any questions, please contact the Mundelein Police Department at (847) 968-4600

*"Community Focused - Community Committed"*

**PRIDE • QUALITY SERVICE • INTEGRITY**
