

The 2958th Regular Meeting of the Board of Trustees of the Village of Mundelein was held Monday, March 23, 2009 at 1000 North Midlothian Road, Mundelein. Mayor Kessler called the meeting to order at 7:00 pm.

2958th Regular Meeting

Clerk Dahlstrom took the roll. It indicated these members present: Trustees Cancelli, Meier, Nutschnig, Semple, Sullivan, and Voss; absent: none. Village attendance: Village Administrator Lobaito, Assistant Village Administrator Flynn, Chief Rose, MPD; Chief Sashko, MFD; Finance Director Hatton, Engineer Emmerich, Director of Public Works Miller, Director of Building Schubkegel Sr., and Attorney Marino.

Attendance

Mayor Kessler the Pledge of Allegiance.

Pledge of Allegiance

Motion by Voss, seconded by Nutschnig to approve the Minutes of the Regular Village Board Meeting of March 9, 2009. Upon roll call vote, the vote was as follows: Ayes: Voss, Nutschnig, Cancelli, Meier, Semple, and Sullivan; nays: none; absent and not voting: none. Motion carried.

Motion to Approve the Minutes of Regular Board Meeting of 03.09.09

Mayor Kessler stated the Centennial Plaza presentation would present their concept prior to the public commentary. Ms. Margaret Resnick, Chair of Mundelein Days Committee, and Director of the Mundelein Park District also have their meeting tonight and needs to get there as soon as possible. Mayor Kessler asked Assistant Administrator Flynn to introduce the Centennial Committee. Assistant Administrator Flynn introduced Ms. Wendy Fraser, Committee Chair, Ms. Margaret Resnick, Ms. Dottie Watson, Ms. Michelle Levine, Ms. Lisa Briggs, Mr. Bob Stadlman, Mr. John Beeson, Ms. Leisa Niemotka, Centennial Plaza Chair, and special guest, Mr. Gary Blanford, Blanford Design Landscape and Architects & Contractors, who has donated design services for the Centennial Plaza. Assistant Administrator Flynn stated the intent was to present the legacy project in partnership with the Park District. Assistant Administrator Flynn introduced Ms. Leisa Niemotka. Ms. Niemotka presented the legacy clock tower project, stating the Chalet/North Shore Magazine grant had been applied for and should have an answer mid-April. Ms. Niemotka stated they have received design services and construction site drawings once approved donated by Blanford Design Landscape and Architects & Contractors, the site survey donated by Smith Engineers, a time capsule donated by Kristan Funeral Home, a commitment has been received by Northfield Walk, for brick pavers. Ms. Niemotka stated a Corporate Fund Raising Committee has also been established. Ms. Niemotka introduced Mr. Blanford. Mr. Blanford stated he is a long time resident and presented design plan for the Centennial Plaza. Ms. Niemotka summarized the next steps for the Centennial Plaza project and stated she hopes to hear the first chime of clock tower Labor Day weekend 2010, one year, five months and fourteen days away. Ms. Niemotka announced the next meeting would be held Tuesday April 21, 2009 at 6:30 pm and invited the public to attend and thanked the Village for the opportunity.

Mayor Kessler opened the meeting to the floor for public commentary.

Rental Property License
Ordinance Concerns

Mr. Mel Withrow, 600 McKinley Avenue, stated all major owners and neighboring communities who are familiar with inspection program are in attendance to comment on the Rental Property License Ordinance. Mr. Withrow stated a few more people could not attend and had statements from those, but felt a good representation of landlords were in attendance. Mr. Withrow recommended the ordinance be delayed until the economy improves. The program would be too costly for business owners as well as the Village. State officials predict unemployment to rise to 15% or greater survival for business owners and renters will be difficult. Renters are private and do not like or want anyone in their units, unless a repair is needed. Management's names and telephone numbers are not used appropriately by police or Criminal Inspection Programs, and haven't been for the last six years. Fees are not consistent from year to year. The Village would not provide assistance in case there is resistance by a renter. The ordinance violates Fair Housing laws and should be approved by the Office of Fair Housing and so far no one has been contacted. The Village should learn to work with business owners, landlords, and small business owners. Section 8 also conducts inspections and they would not be coordinated. Landlords are not large corporate companies, they do not have corporate lawyers, engineers or financial experts, and frequently they are independent, small business owners or family owned businesses. Mr. Withrow suggested employees be encouraged to learn to speak Spanish to communicate with some of the renters. Mr. Withrow stated landlords need assistance from the Village, lawmakers at the State and local levels to protect their properties, protect their tenants and protect neighborhoods. Laws that make landlords responsible for tenant action do not work because landlords do not have any power against problem tenants. Current regulations by State, County, and municipalities are not coordinated and create conflicts between actions that landlords are expected to take and actions that are allowed. Laws need to identify a means to provide standards that assess individuals and regulate rental property, and training needs to be provided so that the judgments that are made are within the laws. Laws need to be balanced for the landlords; the tenants and government meet expectations for all parties. Landlords should not be expected to be managing behavior of citizens, that is the responsibility of the police department. Mr. Withrow stated he wanted to work cooperatively with authorities for quality housing with quality tenants. Mr. Withrow asked the Board to help them accomplish that goal.

Mr. Withrow read from a letter from Mr. Pat Conorny, 240 North Lake Street, who could not be in attendance. Mr. Conorny agreed with Mr. Withrow and added Mr. Conorny has 18 rental units on Route 45, has a full time job and asked who would be expected to accompany the inspectors if the Village's hours are 9 am to 5 pm.

Mr. Withrow read a letter from Mr. David Muntz, 270 North Archer, who could not be in attendance. Mr. David Muntz agreed with Mr. Withrow and added Mr. Muntz asked the Board to reconsider the ordinance until the economy improves.

Rental Property License
Ordinance Concerns

Mr. Dan Cox, 181 Knights Bridge Drive, stated he felt the rental ordinance is worded the same as the Right to Entry ordinance, he fought to defeat that ordinance because he felt it was unconstitutional and was brought under the table. Mr. Cox stated the inspectors wanted to get into the rental units, find violations and probably cause, and as official Village representatives make a report on what is seen and call the police. Mr. Cox told the Village to mind their own business and stay out of people's lives. The Village has enough problems of their own, the trailer behind Village Hall is a violation, roads have potholes big enough to blow out tires, a lot of empty storefronts, and empty houses. The Village drives contractors out of the Village with the difficult codes. Grade 9 crushed stone gravel for sewers even in the winter, Mundelein is the only Village in the State that requires grade 9 gravel. It freezes hard as a rock that cannot be removed by a tractor, it is detrimental to the copper pipes if it is in contact. Mr. Cox stated he has been a victim of the Village's intrusive behavior. Mr. Cox went into the Village Hall to pull a permit and found 24 pictures in his file. When asked, he was told in case he makes a change, the Village would have a record of what it looked like before. The Village is trying to build a case when there is no case to be made. The Village wants to get into peoples property, document what they have, find problems and find something in the future. Why would the Village want to bust everybody's backs that are trying to support and provide housing to people who perhaps are out of a job, on unemployment, and have little to spend. By doing so, the Village would raise rents, and increase crime. Mr. Cox stated he agrees with knowing who the landlords are and being able to contact them, but excess taxation, every year would only increase. Mr. Cox stated the Village should take responsibility for its own infrastructure. Why make the property owners pay to repair the Village's own sewers, which the Village installed. Years ago, Attorney Marino suggested a \$.25 water/sewer fee to help pay for repairs. The Village should help relieve residents not burden of such great expense.

Rental Property License
Ordinance Concerns

Mr. Jay Shah, 815 Walnut, stated a few months ago, an inspector came by and took a look around. He supported the inspection, it made sense. Now, the Village wants to come into each unit and it is discrimination against people who cannot afford a house. If an inspection program is going to take place, it should include homeowners as well. Provide a checklist for to the landlord and allow them to ensure compliance, and then if the Village still wants to come out and inspect at no charge, he would honor that.

Ordinance Concerns

(Continued)

Taxes are increasing and to add expense to tenants, is not the right thing to do. Registration is a fancy name for taking money from people.

Rental Property License
Ordinance Concerns

Mr. Jim Boulton, 900 Orchard Street, stated he feels the new federal administration is going to add new taxes and fees. Ever since the sub prime mortgage situation, there has been a 10% vacancy. Regardless of this, banks still want their money. Additional registration and inspection fees cannot be absorbed or cannot be passed on to tenants. Mr. Bolton asked the Village not to do something it does not need doing and become like the federal government.

Rental Property License
Ordinance Concerns

Mr. Joel Cervantes, 600 McKinley Avenue, stated he too is a property owner and works for a real estate company as a regional manager for approximately 600 – 800 units throughout Hanover Park, Schaumburg, Buffalo Grove, and Mount Prospect. To be fair, other cities do have an inspection program, however Mundelein fees are higher. Mr. Cervantes asked how the Village came up with the fees. Mr. Cervantes felt the reason the Village wants to implement the inspection was to ensure the buildings are properly maintained. Other cities provide an incentive program, if the property passes the inspection, the next inspection in two years, the fees are reduced. This incents the property owners to maintain the property. Mr. Cervantes asked the Village should consider some type of incentive program.

Rental Property License
Ordinance Concerns

Mr. Jim D'Ambrosio, 503 North Lake Street, stated he was new to Mundelein purchasing the Mundelein Apartments April 23, 2008, however he is not new to politics or real estate. Mr. D'Ambrosio stated he likes the rental laws in Lake County. He is selling his properties and his liquor licenses in Chicago because he feels like he is being squeezed, and he is feeling squeezed in Mundelein. It is squeezing the people who are bringing prosperity to the community. Before he purchased the apartments, January through April 23, 2008 there were 21 police calls regarding gang related activities. Since he purchased the property, there have been zero calls, however the police department is not supporting him when he aggressively removes tenants for gang related activities. These are tenants paying on time, with dirty money and he doesn't want these types of tenants. Other communities commend him and offer him TIF properties knowing he is a good property owner, however in Mundelein he is condemned. Mr. D'Ambrosio stated he wants to have a good relationship with the police department. He has never been asked to donate, or be part of fundraisers and would be glad to participate and be part of the community. Mr. D'Ambrosio stated he placed four offers in Mundelein today and would like to continue to purchase properties because there are many vacancies throughout the Village. He is not the type of landlord that only wants their rent, he wants quality tenants. However, he would sell all Mundelein properties and no one would ensure quality tenants. Mr. D'Ambrosio stated he feels the police have thrown him under the bus when he has thrown known gang bangers out, just because he does the dirty work. Mr. D'Ambrosio stated if every one

of his units are inspected and with the fees are associated, he would have no choice but to sell his properties.

Floor Opened to Public
(Continued)

Mr. Lester Larkin, 426 Shady Lane, stated he has a petition for a streetlight. There has been a problem for several years with gang graffiti on a fence where he is requesting the light to be. Last week there were 14 tires punctured causing \$2,000 in damage. There were additional tires punctured in the surrounding area. It is a dark area and would request a streetlight to be placed in the area.

Street Light Request

Mr. Rex Miller, 431 North Ridgemoor Avenue, stated he was flabbergasted when he read the *Mundelein Matters*, regarding Groot Industries. Based on the information provided, he would receive a 42% increase, with a reduction in amount of capacity container. If you add the mandatory recycle program fees, it increases his bill to \$288 per year. What type of negotiation is that? Mayor Kessler and Administrator Lobaito clarified the fees and agreed to meet with Mr. Miller to ensure clarification. Trustee Cancelli asked clarification be made in *Mundelein Matters*.

Groot Concerns

Mr. George Hoffman, 560 McKinley Avenue, stated the only time he is inspected is in a retaliatory situation. Mr. Hoffman retold of an incident that occurred when a graduation party across the street had moved onto the front of his apartment. He argued with the homeowner and within the next few days, he was inspected. Mr. Hoffman stated he was in favor of rental reform, so these types of inspections are not continued.

Mayor Kessler proclaimed National Public Safety Telecommunications Week on April 12 – 18, 2009.

Mayor's Report

Mayor Kessler proclaimed Supporting the 2010 Census. Trustee Sullivan asked for clarification regarding “*one way to ensure that everyone is counted is to form a local Complete Count Committee. . .*” Trustee Sullivan asked who is on the Complete Count Committee. Assistant Administrator Flynn stated the last time in was done in 1998, the committee was made up of the Administration Department. The intent is to pass on information from the U.S. Census Bureau to the residents. The census takers are local residents, not special interest groups. Trustee Meier asked if the information listed on the proclamation, the information that is kept private. Assistant Administrator Flynn stated the main point is to ensure the residents it is one of the shortest census questionnaires in the history. The Census Bureau uses the information, the tabulations are used in other capacities for example some revenues are based on population.

Motion by Meier, seconded by Nutschnig to award a contract to Greg Greenhill Construction Co. for the FYE10 Street Improvement Project in the amount of \$2,115,567.10 subject to receipt of the required bonding and insurance documents, and final budget approval.

Trustee Nutschnig asked if the Village has ever used Greenhill Construction. Engineer Emmerich stated not since he has worked for the Village. Trustee Nutschnig stated the bid was \$15,000 lower than the next bid. Administrator Lobaito stated he was familiar with Greenhill Construction and they are known for their concrete work and do a good job.

Upon roll call vote, the vote was as follows: Ayes: Meier, Nutschnig, Cancelli, Semple, Sullivan, and Voss; nays: none; absent and not voting: none. Motion carried.

Motion by Nutschnig, seconded by Sullivan to authorize the signatures of the Mayor and the Village Clerk on the contract. Upon roll call vote, the vote was as follows: Ayes: Nutschnig, Sullivan, Cancelli, Meier, Semple, and Voss; nays: none; absent and not voting: none. Motion carried.

Trustee Cancelli asked how soon the repairs would begin. Engineer Emmerich stated within one month of the budget year change, May to June 2009.

Parking Regulations During
Snow Removal

Motion by Cancelli, seconded by Nutschnig to pass An Ordinance Prohibiting Parking on Public Roads After a Snowfall and Prohibiting Depositing of Snow Upon Public Road in the Village of Mundelein, Illinois.

Trustee Cancelli asked if this was just a clarification of an existing ordinance. Mayor Kessler stated it defines when you cannot park on the street, not just snow removal operations.

Trustee Meier stated additional clarity was needed regarding the following:

- Two inches or more – where is the two inches measured, the front yard, the street, or the driveway
- How does a resident know when they can park on the street again
- When does Public Works begin plowing, before two inches or after two inches
- Who determines when it is completed

Trustee Nutschnig agreed it needed additional clarification as well and should include Director Miller's recommendations. Mayor Kessler stated Director Miller did have an opportunity to make recommendations, along with the Police Chief Rose and Administrator Lobaito.

Trustee Sullivan stated the first section states "*It shall be unlawful to park any vehicle on any public highway or street after any snowfall of 2 inches or more in depth*

until such time as snow removal operations have been completed' and added a resident may not know when snow removal operations are completed, therefore making compliance and enforcement difficult. Trustee Sullivan stated there were other items that needed clarification as well and recommended the motion be brought back at a later meeting.

Parking Regulations During
Snow Removal (Continued)

Mayor Kessler stated he wished suggestions could have been made before the Board meeting, this has been worked on for several months and wanted to have this completed for this winter. Mayor Kessler stated Administrator Lobaito indicated to him everyone was in support, including Director Miller and all other department heads.

Motion by Cancelli, seconded by Voss to remove the motion to pass An Ordinance Prohibiting Parking on Public Roads After a Snowfall and Prohibiting Depositing of Snow Upon Public Road in the Village of Mundelein, Illinois. Upon roll call vote, the vote was as follows: Ayes: Cancelli, Voss, Meier, Nutschnig, Semple, and Sullivan; nays: none; absent and not voting: none. Motion carried.

Finance Committee

Motion by Sullivan, seconded by Voss to approve the payment of bills, as indicated on Disbursements Pending Report dated 03/23/09 for AT&T, AT&T Long Distance and AT&T Mobility invoices totaling \$5,577.74.

Mobility Totaling \$5,577.74

Trustee Meier stated due to a conflict of interest, she would abstain from the motion.

Upon roll call vote, the vote was as follows: Ayes: Sullivan, Voss, Cancelli, Nutschnig, and Semple; nays: none; abstain; Meier; absent and not voting: none. Motion carried.

Trustee Sullivan highlighted the financial expenses.

Financial Highlights

Trustee Voss stated twelve responses were received for the Comprehensive Plan RFQ, surprisingly most were from out of state.

Community Development
Committee

Trustee Voss stated the Zoning Ordinance is under staff review and should be presented to the Board within the next few meetings.

Comprehensive Plan
Update

Trustee Voss reiterated the Rental Property License Ordinance was presented for discussion purposes only. The Board wants to provide the public with an opportunity for public discussion. Trustee Voss thanked everyone for their comments and felt there were good points and good ideas and asked for continued ideas.

Rental Property License
Ordinance (Continued)

Trustee Voss asked how the Board felt with continued discussions. Consensus was to hold a Committee of the Whole meeting. Trustee Voss asked Director Schubkegel, Sr. to elaborate on the ordinance. Director Schubkegel, Sr. stated he has heard residents are afraid to complain and first and foremost, it is the Village's intent to provide safety of the tenants. Having a licensing program should provide relief to tenants. Director Schubkegel, Sr. explained the ordinance and how the fees were established.

Trustee Meier thanked Trustee Voss for the opportunity to have these discussions prior to a vote. Trustee Meier stated the Board needs to identify the problem, the magnitude of the problem, and the statistics need to be provided. Trustee Meier expressed her concern with privacy rights and wants to ensure privacy is not violated. Trustee Meier asked when single-family home rentals would be inspected. Trustee Meier stated the Crime-Free Initiative should be separate from any property license ordinance; otherwise it would be perceived as discrimination or profiling and used as a tool for background checks. Renters are being held to a different standard as a homeowner. Trustee Meier stated renters have a right to live in a safe crime-free environment and educational steps should be taken before an ordinance is adopted.

Trustee Sullivan stated this would be a significant expansion of duties and not in favor of expanding duties. Trustee Sullivan stated he is in favor of knowing who owns a building and how to contact them. Trustee Sullivan stated it was intrusive and costly and there are many code enforcement issues that the Village is dealing with. Trustee Sullivan stated breaking the fees down to a daily amount is not realistic; when you write the check, it is for the entire amount.

Trustee Nutschnig agreed with the comments shared. Trustee Nutschnig additional discussions are needed.

Trustee Cancelli asked for clarification of the inspection fees. Director Schubkegel, Sr. explained the fee calculations.

Trustee Semple stated the concept was good; tenants should be protected and have a place to turn when landlords are not providing adequate housing. Trustee Semple stated he liked the incentive program being included with a checklist of what would be inspected.
